HEARING INSTRUMENT SPECIALISTS

Volume 4, Issue 1

## **OBTAINING BOARD APPROVED CONTINUING EDUCATION**

The Board completed its renewal period for 2001. During the last renewal period there were several hearing instrument specialists who were not able to renew their licenses due to their failure to obtain Board Approved Continuing Education hours.

Most of these individuals did obtain continuing education; however, the hours that they obtained were not approved by the Board. Therefore, they were required to obtain additional hours and pay the penalty fee. After December 31, 2000, they were not able to practice as a hearing instrument specialist until they obtained Board approved continuing education.

According to 4 CSR 165-2.050(B), Any group or individual that wishes to sponsor an educational program to meet the standards for annual license renewal in Missouri shall submit a copy of the program schedule and outline to the Board. The outline shall indicate the program subject, the number of hours required for its presentation and the identity and qualifications of the speakers and instructors and shall be submitted to the board no less than thirty (30) days prior to the presentation of the program.

The Board will not make any exceptions to this rule. The Board urges you to make sure that prior to attending a continuing education course that you may be using to meet your continuing education requirements, you check with the Board office to be certain that the program has been approved by the Board.

This newsletter contains a tentative list of programs that have been approved by the Board. This list only covers programs that have been approved up until the date of this newsletter. The Board urges you to review this list to make sure that the program you attended is listed. If you do not find the program on

this list, then you should contact the Board office to make sure that it is a Board approved program.

Please do not wait until the end of the year to make sure that the program you attended is approved. By waiting you may not have time to attend another continuing education course in time to renew your license. In which case, you would not be able to practice as a hearing instrument specialist until you have paid the penalty fee and attended another program that was approved by the Board.

Currently, all hearing instrument specialist licenses expire each year on December 31st.

## CHAIR'S REPORT

On behalf of the Board, I would like to take this opportunity to welcome the new Director of the Division of Professional Registration, Marilyn Taylor Williams. The Board looks forward to working with Marilyn and the Division of Professional Registration in its future endeavors.

I would also like to thank Lisa Guillory-Parsons for her hard work and dedication to the Board. Lisa recently resigned from the Board to serve on the Missouri State Audiology Advisory Board. She served as a member of the Missouri Board of Examiners for Hearing Instrument Specialists from July 3, 1997 to April 6, 2001. She was a great asset to the Board and her presence and wealth of knowledge will be greatly missed.

I would also like to thank Nonaresa Montgomery for her work as public member on the Missouri Board of Examiners for Hearing Instrument Specialist. Although her term as public member was short lived it did not go without appreciation.

The next scheduled Board meeting is September 28, 2001 at the Division of Professional Registration in Jefferson City, Missouri. The Practical Examination will be administered at that time. The next written examination is scheduled for September 21, 2001. Anyone wishing to attend an open session of the Board may do so at the meeting in Jefferson City.

*Homer Miller,  
Board Chairman*

## NEW DIVISION DIRECTOR APPOINTED

We would like to welcome Marilyn Taylor Williams to the Division of Professional Registration. On January 25, 2001, she was confirmed as the new Director of the Missouri Division of Professional Registration. She replaces Randall Singer, who served as the Division Director since 1993.

Prior to her confirmation, Ms. Williams of Dudley, served in the House of Representatives from 1991 to 2001. She represented District 156, comprised of parts of Stoddard, Wayne and Bollinger counties, from 1991 to 1993 and represented District 159, comprised of parts of Stoddard and Scott counties from 1993 to 2001.

In the General Assembly, Ms. Williams' key committee assignments included chair of the House Agribusiness Committee, vice-chair of Appropriations, Agriculture and Economic Resources, and the House Budget Committee. She was also a member of the Missouri Tourism Commission.

*Marilyn Taylor Williams  
Division Director*

## **DISCIPLINARY ACTION TAKEN BY THE BOARD**

The Board has taken disciplinary action against the hearing instrument specialist license of Marsha Wade for assisting or enabling an individual to practice or offer to practice the fitting of hearing instruments without a license issued by the Board. Ms. Wade's assistance and knowledge of the performance of the unlicensed practice as a hearing instrument specialist is a violation of professional trust or confidence.

Ms. Wade's license was placed on Probation for a period of two years effective September 29, 2000. The terms of the probation included: 1) keeping the Board apprised of her current address and telephone number at each place of residence and business. Ms. Wade shall notify the Board within ten days of any change in this information. 2) She shall timely renew her license and timely pay all fees required for license renewal and comply with all other requirements necessary to maintain her license in a current and active state. 3) If, at any time within the disciplinary period, Ms. Wade changes her residence from the State of Missouri, ceases to be currently licensed under the provisions of Missouri Chapter 346, or fails to keep the Board advised of all current places of residence and business, the time of absence, or unlicensed status or unknown whereabouts, shall not be deemed or taken as any part of the disciplinary period. 4) Ms. Wade shall comply with all provisions of Missouri Chapter 346 and all rules and regulations of the Board. 5) Ms. Wade shall meet with the Board at a regularly scheduled meeting of the Board upon request from the Board, and 6) Ms. Wade is prohibited from supervising any holder of a temporary permit issued by the Board to any person not primarily assigned to work at the same location as she works.

## **TEMPORARY PERMIT HOLDERS AND SUPERVISORS**

The Board wishes to remind Temporary Permit Holders and Supervisors that upon the termination of a temporary permit, either by it expiring or the termination of the working relationship the Attestation of Supervision form must be completed and returned to the Board office.

This form is completed by the supervisor evaluating the work completed by the temporary permit holder. According to 4 CSR 165-2.010 (8), Upon completion of any registered supervised experience, the hearing instrument specialist in training shall request an attestation form from the board to be completed by the registered supervisor and returned to the board."

It is the responsibility of both the Temporary Permit holder and the Supervisor to comply with all sections of 4 CSR 165-2.010. Many temporary permit holders terminate their relationship with a supervisor and neither the temporary permit holder nor the supervisor notifies the Board of the change. By failing to do so is a violation of 4 CSR 165-2.010 and subjects both licenses to disciplinary action by the Board.

The Board urges all its licensees to familiarize themselves with all the statutes and regulations governing their profession to prevent any problems that may arise as a result of lack of knowledge of the statutes and regulations.

Licensees are always welcome to contact the Board office with any questions they may have regarding the statutes or regulations.
